

Apply for the Opportunity to Spend a Day With an Industry Leader – a PLANET *Trailblazer*!

PLANET *Trailblazers* represent an elite group of dedicated professionals and industry leaders nominated by their peers for making significant and long-term contributions to the green industry in the areas of design/build/installation, interior plantscaping, landscape management, and lawn care.

Direct influences in the green industry, these individuals have made a commitment to help their peers grow and improve their businesses, as well as help the green industry grow.

PLANET *Trailblazers* welcome the opportunity to share their wealth of knowledge and experience with up-and-coming companies. Each PLANET *Trailblazer* sets aside a full day each year to provide on-site mentoring to another PLANET Green Industry Service Provider (GISP) member. This in-depth, personalized networking and mentoring program is a unique way for emerging and established companies to gain insight and advice on developing and improving their businesses.

Recognizing the effectiveness of member-to-member networking and personalized mentoring, PLANET arranges a match between the participating PLANET *Trailblazers* and PLANET GISP members who have applied for the opportunity to participate in the program.

Because the demand for PLANET *Trailblazers* exceeds the supply, PLANET GISP member companies are selected for participation in a random drawing held in February.

Eligibility: All PLANET GISP members.

Fee: There is no registration or participation fee, however the GISP member company reimburses the PLANET *Trailblazer's* travel fees.

Fax the registration form to (703) 736-9668 by January 31, 2008.

List of participating 2008 PLANET *Trailblazers* by specialty group:
